

University of Windsor School of Social Work Social Media Use Policy

Introduction

The guidelines for use of social media outlined in this document have been designed to help members of the School of Social Work, including Faculty, Staff, students and other persons associated with the University of Windsor social work program, make appropriate professional decisions about ethical use of social media. These policies, standards and codes are applicable to the field education and classroom settings, virtual learning environments such as Blackboard, on-line seminars, text messaging, and on-line social networking sites (Facebook, LinkedIn, Twitter, etc.), including closed private online groups.

Social media refers to online technologies and practices that are used to share information and opinions, host conversations and build relationships. It can involve a variety of formats, including text, pictures, video, audio and “live” real-time dialogues of a few, or thousands of participants. Examples of social media include discussion forums, blogs, social networks, wikis, and podcasts.

While the School of Social Work values both academic freedom and freedom of inquiry and affirms these as pillars of a university education whether expressed in oral communication, print or electronically, the following policies and guidelines apply to all members of the School of Social Work.

Guidelines
